and until we netwalk again®  
Founded: June 2014

## MISSION

Get people outside, make it easier to get to know each other and build meaningful connections and interactions for human, social and financial capital.

## DIFFERENTIATORS

The founder for more than 20 years has helped companies' budget, spot inefficiencies and find opportunities for operations to be streamlined. Advocacy work includes social impact, green solutions and women/girl's empowerment.

Engagement platform that can help make you more money and your brand look more attractive to your stakeholders because you value their mental and physical health.

Netwalking's goal is helping organizations become better places to work by offering a combination of wellness practices and facilitated conversations to improve trust, team morale, and effectiveness.

## CORE COMPETENCIES

*What we do.*

### Engage

Netwalking is about making meaningful connections. Netwalkers come together in a setting that supersedes the traditional meeting formats to foster genuine relationships and have productive meetings.

### Connect

Netwalking is an innovative way to engage the people at your company or event who are your most asset. This is done through custom experiences tailored to meet your organization's needs.

### Energize

The active nature of each Netwalk energizes Netwalkers and enhances their well-being. They step away from their desk and into the natural environment around them.

### Spark Creativity

The restrictive qualities of the old meeting room fall away. Creativity and inspiration are more likely to be unleashed, stimulating new ideas. While outdoors, Netwalkers discover a path toward collaboration and innovative thinking.
